Cinema 4D R17.1 - Cinema 4D is an industry standard toolset for creating and visualising 3D animations. Originally released in 2001, it has been used to produce many successful films including Walt Disney's 'Pocahontas' (2005), Pixar's 'Up' (2009), Warner Bros' 'Hobbit' (2011) and the Oscar-winning 'Hugo' (2011). Virtual Webcam 2 - Virtual Webcam 2 has a completely new interface that simplifies the user's life. The most impressive feature of this product is the possibility to use webcam as a substitute for your microphone input. MixPad Audio Recorder - MixPad Audio Recorder is an easy-to-use audio-recording

program for Windows operating systems. It records almost any sound and allows you to edit, convert, add effects, and save it in WAV, MP3, Ogg, FLAC, and AIFF formats. Catch One Sound Professional - Capture the sound on your system and produce a wave file. It enables you to capture the sound on your system and produce a wave file. It also works as a "Pause/Start" button for your Windows application. Virtual DJ 8.5 - Virtual DJ 8.5 is the most advanced version yet! Delivering all the high-end software that DJ's have come to love, Virtual DJ is completely re-engineered from the ground up with the latest technologies. Harvest Sound Recorder Lite - Harvest Sound Recorder Lite is an audio recording and converting software that captures any audio signal from any device and converts it into WAV, MP3, and OGG files. Group Buddy - Group Buddy is a powerful, simple-to-use audio-recording and mixing software. It lets you control your next project from start to finish. DJ Music Mixer - DJ Music Mixer is a DJ mixing software that allows you to mix your audio and video recordings. Simply combine your audio, video, and MIDI tracks into one project, and you're ready to perform your next dance party. Epos - Epos is a multi-format WAV to MIDI (input) converter and MIDI to WAV (output) converter. Epos provides a useful way to convert WAV files to other popular music file formats including MP3, OGG, MIDI, AAC, and more. GetThem.com Toolkit - GetThem 82157476af
